

Restoring NH's Prosperity, Principles & Responsibility

FOR IMMEDIATE RELEASE

**CONSERVATIVE REPUBLICAN KAREN TESTERMAN
CHALLENGES GOVERNOR SUNUNU**

CONCORD, NH: Noted pro-family Conservative Republican Karen Testerman will file today to challenge New Hampshire Governor Chris Sununu. Franklin City Councilor, former Merrimack County Republican Chair and radio host, Karen says, “enough is enough. It’s time to make New Hampshire Free Again.” The founder of the family, faith and freedom organization, Cornerstone Policy Research, claims that “every family member who brings home a paycheck is essential. The Governor is drunk with power ...he picks and chooses who should open and micro manages what procedures must be followed.”

“It’s time to Reopen NH. Save the small businesses and the hospitality industry that are the back-bone of New Hampshire’s economy,” she said. “It’s time to make decisions based on science and data, not fear and panic. It’s time to Make NH Free Again, we can do better.”

Karen lives with her husband, State Representative, Dave Testerman and their Bouvier des Flanders, Dutch. A strong constitutionalist, she was a founding member of the National Heritage Center for Constitutional Studies. Her coalition building activities include work with the Coalition of New Hampshire Taxpayers, NH Right to Life, church, the NH Firearms Coalition and the Secure the Grid Coalition. She has served as a Certified State Health Insurance Program Specialist, and holds a degree in Microbiology with a minor in Chemistry. More information can be found at the website, KarenTesterman.com or on Facebook at Testerman for Governor.
