Hello Laconia School District Nurses.

NHDHH has updated their quarantine and isolation guidelines today. Our stay in school plan is based on these guidelines. From your perspective, what do we need to do to implement these new guidelines?

One thing: Our tracking system would have to reflect a change.

Thank you!

Hello Laconia School Board Members.

NH-DHHS adopted new isolation and quarantine guidelines based on what the CDC issued last week with some slight revisions. In short, the periods for both are shortened. Since our stay in school plan is based on NHDHHS guidelines, we are looking to implement these new guidelines. This is consistent with what other Lakes Region school districts are doing.

To do so, I have communicated with the administration and the nurses. Amy will be meeting with the nurses to talk through implantation and we will then be doing so on Monday unless there are any unforeseen obstacles to doing so.

Once we talk through implementation with the nurses, I will communicate the updates with staff, students and families.

Please do not respond to this email, but if you have any questions and concerns, please email me separately.

See below.

Thank you and have a great weekend.

Good morning, Steve.

I think it would be best to send out an all call from the SAU to indicate that we are following NH DHHS guidelines, which have been recently updated in regards to quarantine and isolation guidelines.

Maybe we can have a zoom call this morning at some point, because there is a lot that is confusing with these updated guidelines. For instance:

“Note: per CDC guidance, you can take an antigen test on day 5 before ending isolation and, if positive, you should continue to isolate for a total of 10 days. Individuals and businesses/organizations can consider but do not have to adopt this testing strategy.”

Thanks,
Davlyn

Hello Laconia School Administrators:

I hope you had a great entry into the year 2022. I remember being much younger and thinking how far away the 21st century was and years like 2022 were. Well, here we are, deep into the 21st century.

There is new CDC guidelines
(see <https://www.cdc.gov/media/releases/2021/s1227-isolation-quarantine-guidance.html>) that came out on December 27. Most notably, it reduces the isolation period to 5 days under certain conditions. At this point, the district and the state are continuing to follow the current NH-DHHS guidelines while state public health officials try to make sense of this new information.

I tested positive for Covid-19, so I will be out of the office this week in isolation. I will be available via phone or email if you need me. Amy will also

be available.

There will be no district administration meeting on Thursday. Please tentatively book next Thursday, January 13 at 3:00 at the Huot for that meeting instead.

The Instruction / Portrait of a Graduate Task Force meets in the LMS Media Center at 3:15 on Tuesday.

Building plans for the January 21st PD Day are due to me on Wednesday, January 5. The focus of the day is as follows:

1. Curriculum and assessment work on Instruction and Portrait of a Graduate.
2. Goals for the progress-monitoring and state accountability assessments.
3. Superintendent state-of-the-schools address:
 - Elementary: 8:00-8:30
 - Middle: 9:30-10:00
 - High/Huot: 10:30-11:00
4. Lunch on your own: 11:00-12:00
5. ALICE Training: 1:00-3:00

Have a fantastic week.

10-Day versus 5-Day Isolation

“State public health officials have reviewed the press statement issued by the CDC regarding isolation and quarantine and look forward to reviewing the CDC’s complete guidance once published. Once official guidance is available, the State will be able to determine how best to implement these changes in New Hampshire for the general public and in settings such as healthcare, residential facilities and schools. At this time, residents should continue to follow NH’s current isolation guidance and quarantine guidance. Changes to the State’s guidance will be based on the CDC’s full recommendations, and will be updated on <https://www.covid19.nh.gov/> and in a Health Alert Network message to healthcare providers.”

Hi Steve,

The strategic planning committee is scheduled to meet Tuesday, January 25 at 5 PM. Are you available to meet with me and/or others on the committee (Nick and Dawn) to bring us up to speed on past activity? I would appreciate if you could provide direction on where we should begin our committee work. Another option is to join our meeting on Jan 25 if appropriate and you are free. I look forward to learning more.

Also, do I need to schedule this through someone at the SAU as I understand committee meetings are generally held at the SAU.

I hope you had a wonderful holiday and great start to the new year.

Thank you,

Jennifer

Good morning everyone,

We received notice yesterday that we were not selected for funding for the DOJ School Violence Prevention Grant. Gary and I reviewed the list of successful applicants last night and they did not award any grants to NH, VT, or RI. Maine received one and Mass received three. We also noticed that almost every grant (if not all of them) were awarded to school districts.

I will be reaching out to their office to request a copy of our reviewers's scores with comments to determine what our areas of weakness were. This will help us if we decide to apply for the FY'23 funding (if they release this) in the spring. It could be as simple as the District needs to be the primary applicant and the LPD the sub-recipient, which is the reverse of our current application. Or it could simply be that the successful applicants had greater needs than Laconia (larger communities, higher rates of school violence, demographic diversity, etc.).

Anyways, I'm definitely bummed about this, but it happens...it's just been a while. I look forward to our continued partnership and am certain there will be other funding opportunities that we find success with.

Happy Holidays to you and yours!
McKenzie

Hi everyone,

Thank you very much for the plant that was sent to my home from the SAU. It's beautiful and it made me smile.

Thank you,
McKenzie
