Additional Space for Statement of Facts

I have filed assault charges against Doug Lambert at the Guilford Police Department.

I have video of the unwanted contact, assault + intimidation while I was doing nothing to provoke his behavior + clear assault on me individually. He also approached me trying to intimidate me after the meeting was over.

I again told him to leave me alone. This man has no reason or right to violate my person or my property and should be held accountable.

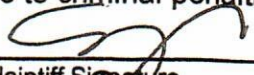

There is another public meeting on 11/16 and I fear he may try something again.

Lambert's behavior at the event was disrespectful, volatile and unacceptable. I feel nervous to see him anywhere in public or anywhere else based on his aggression toward me.

**THIS PETITION MUST BE SIGNED AT COURT BY THE PETITIONER.
THIS PETITION WILL NOT BE ACCEPTED BY FAX, E-MAIL, OR U.S. MAIL.**

I swear that the foregoing information is true and correct to the best of my knowledge. I understand that making a false statement on this petition will subject me to criminal penalties.

I was at a public meeting in Gilford at the library, recording the meeting from the back looking toward the front of the room.

Defendant walks from side of the room, 10+ feet away getting in my face, trying to take and/or obstruct my phone.

I told him not to touch me. He said he didn't. I told him not to touch my property. He then stands directly in front of me as to completely block my view, purposefully + very intentionally. I go to walk beside him to regain my view of the front of the room + he elbows me! I told him he was violating my personal space. He tells me "you're breaking the rules", as if to tell me I can't record in a public setting (although there are a half dozen cameras around the room, but he chose to single me out). He then walks back to his original seat + starts aggressively filming the room with his phone pointing at me first + smirking. His eyes were crazy + he had already interrupted the meeting + made a scene before our interaction. He was trying to intimidate me. I have all of this on video. I was feeling violated + anxious + not sure why he thought it was okay to behave this

way and to assault me in a room full of people. I do not personally know this man, but I am concerned what he might do at the next meeting as his behavior is confrontational + unwarranted. ~~unwarranted~~

After the meeting, he approached me again, trying to intimidate me. I told him to leave me alone.

I have filed a report with the Gilford Police Department + hope the court will hear my plea for protection, as there is another meeting tomorrow, and I feel very concerned to be confronted again by this man who is clearly emotionally unstable.
