Initiative for Climate Action Transparency (ICAT): Currently in development, ICAT will provide policymakers around the world with tools and support to measure and assess the impacts of their climate actions. Working initially with 20 developing countries, ICAT aims to help governments build capacity to measure the effects of their policies and report progress publicly. This will foster greater transparency, effectiveness, trust and ambition in climate policies worldwide. The initiative will improve the availability and quality of data and enable countries to promote efficient, cost-effective policies. ICAT will also provide a platform for countries to share
